

## Mount Usher Visitor Information

One of only 3 Irish gardens with a top rating from the UK's *The Good Gardens Guide*, Mount Usher is not simply one of Ireland's greatest gardens, but it's a world-class example of a so-called Robinsonian garden, with its relaxed informality and natural layout.

Monty Don has described it as one of his favourite gardens.

Run by Avoca since Spring 2007, a haven of rare beauty and tranquility, laid out across 22 acres along the banks of the easy-flowing River Vartry, here you'll find over 5,000 species of plant, all grown organically, giving the Gardens a cacophony of colour throughout the seasons.

*BBC's Gardeners' World* readers certainly agree, voting it the All-round Favourite Garden to Visit in Ireland and the Most Romantic.

Explore any of the many walks to reveal vistas of meadows and glades. Take time on one of the benches overlooking the river bends. Cross gently swaying suspension bridges over swooshing weirs and waterfalls. And finish up with afternoon tea in our Garden Café. Or simply drop in for a delicious lunch and a quick browse through the Courtyard shops or the The Garden Shop. Perhaps take away some delicious fresh food from The Bakery. Whether professional gardener, casual tourist or lover of the outdoors, you'll find Mount Usher Gardens are very, very special.
